

From the Vice Chancellor's Desk

Established in the year 2001, Jagadguru Rambhadracharya Divyang State University, Chitrakoot (Uttar Pradesh), is completely committed towards higher education and rehabilitation of the disabled. The University has established 20 departments under 07 Faculties for higher education and professional courses. Additionally, 15 more Faculties are to be established in future. Finally, computer is mandatory in the courses of Humanities and Social Sciences. The University has adopted new education system as per NEP 2020 guidelines so that the students can get innovative education along with fundamental Indian knowledge. The University has the facility of placement along with research on account of which the students contribute their best to make the nation strong. The University is providing free education, accommodation and food to each and every divyang student of all eligible courses. In a short period, the University has established long-term records of quality education, which include the arrangements like the establishment of studio, linking of Central Library, Rehabilitation Center with community works and Wi-Fi premises. Presently the university is focusing on the use of ICT centric teaching scheme and virtual system so that university education can be made more qualitative and sensitive for the disabled.

Having been established as a state university, in 2023, the general students will also be given admission, apart from the divyang aspirants, from the session 2024-25. On one hand, the University's commitment is clearly visible in the efficient operation of programs like National Cleanliness Campaign and National Service Scheme, on the other hand, in the implementation of various programs in the field of teaching and research as per the UGC guidelines. Successful conduct of Joint Research Entrance Examination, advancement of CBCS system in evaluation, skill training and counselling programs and creation of barrier free and gender sensitive environment are some of the notable achievements of this University. Not only hope, there is full confidence that the university will prove to be a milestone in the direction of providing global level quality education in the near future.

Prof. Shishir Kumar Pandey
